

Aneurysm-NL Research Grant Application Form 2026

Section 1: Project Information

Field	Requirement
Project Title	(Max. 15 words)
Project Type	
Amount Requested	(Max. € 5,000)
Anticipated Start Date	
Anticipated Duration	

Section 2: Applicant and Collaboration Information

Role	Name	Affiliation (Institution/ Department)	Email
Principal Applicant			
External Collaborator(s)	<i>(List names and affiliations, demonstrating the required collaboration across institutions/departments)</i>		

Section 3: Proposal Content

3.1 Research Proposal / Study Design (Max. 500 words)

Describe the scientific question, hypothesis, and the aim of the research project.

For Pilot Studies: Provide a concise description of the research design, methodology, and sample size/data to be used.

For Knowledge Exchange: Describe the planned activities, competencies to be acquired, and the timeline (e.g., who visits whom, when, and why).

3.2 Scientific Importance and Network Benefit (Max. 300 words)

- Describe the **scientific importance** of this project within the broader field of aneurysm research.
- Clearly explain how this project will **contribute to the mission of Aneurysm-NL** (e.g., by laying the groundwork for a larger grant, standardizing a measurement, or strengthening a line of collaboration).

3.3 Layperson Summary (Patiëntvriendelijke Samenvatting in het Nederlands) (Max. 150 words)

Schrijf een korte, heldere samenvatting van het project in begrijpelijke taal (zonder jargon) voor patiënten en het algemene publiek.

Section 4: Budget and Justification

4.1 Budget Sheet

Please detail the requested costs (max. € 5,000). Note: Salary costs are not eligible.

Cost Item	Justification / Description	Requested Amount (€)
Total Requested		

4.2 Budget Justification (Max. 150 words)

Explain why these specific costs are essential for the success of the project.

Section 5: Commitments and Signatures

- I confirm that this proposal is novel and does not substantially overlap with currently funded work.
- I guarantee that an annual report, including the results achieved and the actual costs realized, will be submitted. Furthermore, I commit to presenting the results at the Aneurysm-NL Annual Meeting and providing the required summaries.

Applicant	Name	Date	Signature

Submission: Send this completed form to aneurysm@erasmusmc.nl before **April 10th, 2026**.
