

## JOINT MEETING

UK / Dutch Clinical Genetics Societies & Cancer Genetics Groups

Joint Meeting 2022 | 7 & 8 March | Rotterdam | The Netherlands

## Call for abstracts

The UK and Dutch Clinical Genetics societies invite you to submit an abstract for presentation and/or poster at the next Joint Clinical Genetics Conference to be held in Rotterdam. The program includes invited presentations on all topics across the field of clinical genetics.

The central theme of the 8<sup>th</sup> joint meeting will be:

### “Next Generation Genetics”

Joint sessions are also planned with the UK/ Dutch Cancer Genetics Groups.

The program committee has agreed to set aside multiple slots in scientific sessions for spoken presentations to be selected from submitted abstracts.

A separate session is planned for the Robin Winter Prize, the Ben ter Haar Prize and the Dutch Clinical Genetics Prize for clinical genetics specialist trainees (Science prize).

The abstract should include aims, methods, and summary of results in sufficient detail to support a conclusion.

Abstracts can be submitted for spoken presentation and/or poster. Abstracts that are not selected for spoken presentations will all be considered for poster presentation.

**Closing Date For Receipt Of Abstracts**

**17 December 2021 – at 23:59**

## JOINT MEETING

UK / Dutch Clinical Genetics Societies & Cancer Genetics Groups

Joint Meeting 2022 | 7 & 8 March | Rotterdam | The Netherlands

### Instructions for Preparing the Abstract

**Please submit your abstract via the website [www.jointmeeting2022.nl](http://www.jointmeeting2022.nl)**

Please visit the website, register as an author, follow the instructions and familiarise yourself with the layout prior to submitting your abstract. Abstracts which are not submitted correctly will be automatically rejected.

The web page contains full instructions for submission.

When you have filled in the form, please double check all information carefully before pressing the Submit button.

Any mistakes which are present in the submitted form can be rectified afterwards until the abstract submission deadline.

Do **NOT** submit your abstract more than once.

### Please adhere to the following guidelines:

*Abstract Title* - Capitalise the first letter of the title and the first letter of proper nouns only. Do not include a full-stop at the end of the title. The maximum title length is **50** words (including spaces).

*Authors & Institutions* – The presenting author should come first. No more than ten authors should be included.

*Abstract Text* – It is advisable to prepare the text of your abstract in a word document and paste the entire text into the text-box. The text should be continuous, without line breaks. Do not include double quotes (""). There is a strict automatic limit of **250** words.

Only fully completed abstract forms will be judged.

Abstracts can only be submitted via the website. No other form of submission will be accepted.

## JOINT MEETING

UK / Dutch Clinical Genetics Societies & Cancer Genetics Groups

Joint Meeting 2022 | 7 & 8 March | Rotterdam | The Netherlands

All abstracts must be accompanied by a valid email address.

You will be notified by email of your abstract's receipt following your submission. This will be the only notification you will receive prior to the decision of the Scientific Program Committee. If your abstract is accepted by the Scientific Program Committee for presentation, you will be notified by email in the first week February 2022.

**Please note:** Presenting authors must register for the meeting and are NOT exempt from the registration fee  
Registration details will be available from November 2021 on the website <http://www.jointmeeting2022.nl>
